

Privacy Policy Principles

- Personal data is collected fairly and legally, its storage and management are transparent and consensual.
- The nature and extent of the data collected are limited to the necessity.
- Personal data is stored in a form that is only identifiable until the data should be available for purposes of data management.
- We take every measure possible for the safety of the stored personal data, and the prevention of illicit handling, access, loss or damage in any form.
- In exceptional cases, certain personal data are subject to statutory requests. In this case the user will be warned separately.
- In some cases, the handling of personal data may be a 3rd party's legal interest.
- We take all necessary steps to make sure the stored personal information is up to date.

In case this information is changed we make sure our users are notified separately from this document.

- b) Data Handled by our company:

- **Website visits:** this data is needed to ensure the site's intended and high-quality operation, furthermore to upkeep and verify the quality of our services and to help repairs if necessary. This data is also used to prevent malicious attacks, measure attendance and other statistical purposes. The legal basis of this is the legitimate interest of our company. Data handled in this case: IP address, date of the visit, visited subpages, operating system and web browser information. We store this information for up to 12 months.
- **Registration on our website.** Registration of a user account is imperative to access our services. All personal data is attached to the user account, e.g. balance, purchases, etc. Its legal basis is the voluntary contribution. Managed data: email

address, username, IP address. This data is stored and handled until the closure of a user account, or until the consent is withdrawn.

- **Secret question / answer:** Optional choice of user authentication to further ensure the security of the user account, for which a separate consent is required from the user. The user's secret question and answer are stored until their registration is canceled or the consent is withdrawn.
- **Phone number:** Optional choice of user authentication to further ensure the security of the user account, for which a separate consent is required from the user. The phone number is stored until their registration is canceled or the consent is withdrawn.
- **Full Name, Address** (only in case the user requires an invoice of their purchase) The legal basis is consensual. Duration of data handling and storage is determined by the Accounting law.
- **Personal messages:** the legal basis of this is the user's consent. This data is stored until the user's account registration is canceled or the consent is withdrawn.
- We only require personal data from users for registrations, logins and making purchases.
- For further information about handling and processing personal data our contact us with our email address: info@tauri.hu. All privacy related questions are answered within a maximum of 1 month.

Cookie information

Cookies are small data stores which are stored on users' computers by their web browser, when using a website. In most web browsers cookies are enabled by default and can be disabled and removed any time by the user. Most cookies we use do not require acceptance and they are only used for the sole purpose of authentication and normal operation of our services. Any exceptions are highlighted in the list below:

username

- **Validity:** until signing out from the session.
- **Description:** The user's registered account name, which is used for authentication on the page.

pasw

- **Validity:** until signing out from the session.
- **Description:** The user's registered password in an irreversibly encrypted form, which is used for authentication on the page

autorefresh

- **Validity:** duration of the session.
- **Description:** Automatic page refresh cookie which is used for convenience in one or more of our services

sessionId, tSessionId

- **Validity:** duration of the session.
- **Description:** internal system cookie which is used for identifying the user's session.

tauriweb_language

- **Validity:** 30 days.
- **Description:** the display language of the website that the user has selected. The data is stored to ensure that the user is always greeted in the language of their choice.

loginexpire

- **Validity:** duration of the session.
- **Descriptions:** user's have the option to specify their session duration before logging in to the site, this cookie stores this time.

chah_filters

- **Validity:** 1 hour.
- **Description:** This cookie is used for one of our services: "Character AH", to store search filter parameters the user has specified. This data is stored for convenience to ensure that the filter parameters don't reset when refreshing the site or navigating to a different page.

logged

- **Description:** A temporary cookie that manages the user's login status.

cookieagreement

- **Validity:** 30 days.
- **Description:** A cookie for not registered visitors of the site to alert them to our privacy policy and cookie usage. If the user accepts our privacy policy and cookies, **this cookie is stored to remember their approval.**

RAFREDIRECT

- **Validity:** 30 minutes.
- **Description:** This cookie is used for one of our services: "Recruit a Friend" for convenience. This cookie is used when a user has a pending invitation request, in which case he is redirected to a page (once in every 30 minutes) to ensure they don't miss out on the advantages of the service, where he can accept the request.

You can read more information regarding third party cookies here: <https://www.google.com/policies/technologies/types/>, and about privacy policy here: <https://www.google.com/analytics/learn/privacy.html?hl=hu>.

Privacy Notice

The user's personal information is voluntarily provided after accepting our rules and privacy policy. The user must ensure that the provided data are correct and true. A user can only provide the personal data of another person in case they have the required authorization to do so. The contribution to data handling can be revoked any time free of charge with a written statement of withdrawal of the acceptance of our rules and privacy policy.

The withdrawal is processed in a maximum of 30 days due to technical reasons. In addition, certain data can be held and handled after the withdrawal of the consent for legal purposes and to fulfill legal obligations (e.g. Account law § 169, Consumer Protection law 17 / A §).

The operator uses certain technical, organizational and security measures to protect and safeguard the handled data, which provides an adequate level of protection to possible emerging data management risks. The operator's IT system and network are protected against computer-assisted fraud, espionage, sabotage, vandalism, fire and flood, as well as computer viruses, virtual incursions, and denial of service attacks. The operator shall ensure server-, and application-level security procedures.

We inform our users that electronic messages sent regardless of any internet protocol (email, web, ftp, etc.) are vulnerable to network threats against personal data, which are against the users' personal data. The operator takes all reasonably precautions to prevent such threats. Systems are monitored to record all security deviations, and to provide proof of all security events. This monitoring also allows the operator to ensure the effectiveness of the applied security measures.

Sent out eDMs (electrical digital marketing mails) are monitored for security and quality assurance reasons, feedbacks are also stored in the operators own database.

The data management remedies are provided to the users by the Data Protection Act, §16A and §17.

Handling and Issuing Data

Our company only ever transmits data to a third party based on legal provisions. We never transmit data for marketing purposes.

We only ever transmit data abroad on legal basis in accordance with applicable data protection laws.

Our company stores all personal data with every security measure necessary and will do its utmost to ensure the availability and integrity of the data stored, and that unauthorized personnel never has access to the data stored.

Our users are required to keep their password and other identifying information secret from others (such as authentication keys, secret question). Failure to do so may compromise the privacy of the user account in which case our company cannot be held responsible.

Legal Remedies

All our users have the right to request further information of our privacy policy and data management. The users also have the right and the ability to request any modification or deletion of their personal data. Users have the right to withdraw their consent and to request the removal or locking of their personal data. In addition, users have the right to file a complaint which further described on the following site: <https://naih.hu/panaszuegyintezes-rendje.html>

Any legal request is answered and in a maximum of 30 days. In the event of failure to do so, the user has the right to apply for a court after the deadline.

Relevant Legislations

- a) Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation)
- b) Act CXII of 2011 on Informational Self-determination and Freedom of Information
- c) Act V of 2013 on the Civil Code of the Republic of Hungary
- d) Act CVIII of 2001 on certain issues of electronic commerce services and information society services
- e) Act C of 2003 on Electronic Communications
- f) Act CLV of 1997 on Consumer Protection
- g) Act CLXV of 2013 on Complaints and Public Interest Disclosures
- h) Act XLVIII of 2008 on the Basic Requirements and Certain Restrictions of Commercial Advertising Activities
- i) Act C of 2000 on Accounting

Closing Provisions

The operator reserves the right to change these terms and conditions at any time. In case that any of these terms and conditions are void, or proved to be against the law, they do not affect the other sections of this document. Terms and conditions considered to be void are handled in a legitimate way which is as close as possible in meaning to the original provision. This legislation also applies in case of shortcomings in certain terms and conditions.
